

# Anthropology

Anthropology is the study of human beings from all times and all places, offering a holistic, comparative, international, and humanistic perspective. In studying and interpreting the vast range of similarities and differences in human societies and cultures, anthropologists also seek to understand how people themselves make sense of the world in which they live. The Department of Anthropology at Brown is a vibrant, award-winning group of scholars working primarily in the subfields of cultural anthropology, archaeology, and anthropological linguistics. Anthropology is a varied discipline and the Concentration at Brown University reflects that diversity. Students concentrating in Anthropology must declare one of six possible concentration tracks: sociocultural anthropology, archaeology, anthropological linguistics, biological anthropology, medical anthropology, or general anthropology.

The department also supports students involved in Engaged Scholarship through the Swearer Center. (Until Summer 2020 students pursued the Engaged Scholars Program (<https://www.brown.edu/academics/college/special-programs/public-service/engaged-scholars-program/>), and all students already participating in ESP will be supported through to graduation. Beginning Spring 2021, students enrolled in an undergraduate certificate in engaged scholarship or ESC.) Study abroad is also supported and encouraged. Interested students may contact the director of undergraduate studies.

**Students who declared a concentration prior to fall 2019 can refer to concentration requirements here:** (<https://bulletin.brown.edu/archive/2018-19/>)<https://bulletin.brown.edu/archive/2018-19/the-college/concentrations/anth/>

## Engaged Scholarship

Anthropology concentrators who are especially interested in making deeper connections between their concentration curriculum and long-term engagement with local communities in Providence and beyond may choose to pursue an Engaged Scholarship designation through the Swearer Center. Engaged scholars combine hands-on experiences such as internships, public service, humanitarian and development work with their academic learning in order to develop a deeper understanding of, and appreciation for, social engagement. While most anthropology courses have some sort of 'engaged' element, being an Engaged Scholar in Anthropology means making a commitment to engaging more actively and intensively with the communities in which a student is living.

Until Summer 2020 Anthropology students pursued the Engaged Scholars Program (<https://www.brown.edu/academics/college/special-programs/public-service/engaged-scholars-program/>), and all students already participating in ESP will be supported through to graduation. Beginning Spring 2021, students enrolled in an undergraduate certificate in engaged scholarship or ESC.

### Requirements for Engaged Scholars in Anthropology

## Honors

Candidates for honors should apply to the concentration advisor by the end of his or her 6th semester, but no later than the 4th week of the 7th semester. An application consists of a thesis proposal of 2-3 pages, describing the major research questions and methods to be used. Candidates will prepare their proposals in close consultation with their primary advisor. Candidates for honors are required to:

1. Fulfill the standard concentration requirements.
2. Have completed at least two thirds of the concentration requirements by the end of the sixth semester.
3. Be in good standing
4. Have earned a majority of "A" grades in the concentration. Classes taken S/NC will count as qualifying towards that majority if they are marked "S\* with distinction" indicating that had the student taken the course for a grade, the grade would have been an "A."

Honors candidates will:

1. Take two additional independent study courses (1970), usually, which may be used for thesis preparation with the advisor.
2. In consultation with the primary thesis advisor, identify a second reader by the start of the seventh semester.

3. Submit an approved honors thesis by the deadline stipulated each year.
4. Present the thesis in the Honors Theses Symposium in the Anthropology department.

More information on honors is available here: <https://www.brown.edu/academics/anthropology/honors> (<https://www.brown.edu/academics/anthropology/honors/>)
